NEJTA Statement Regarding the Suspension of the Autumn 2020 Season

On March 25, the Victorian government has listed as part of their [COVID-19 restrictions](#) that all 'social sporting-based activities' must close. With this in mind, the NEJTA Committee has decided that the current suspension of the season will continue indefinitely.

If any of the season is able to be resumed at a later date, the Committee will provide information on how that will work when or if that happens. For now, however, all scheduled matches for the Autumn 2020 season are suspended until otherwise notified.

The NEJTA Committee will continue to review the COVID-19 situation and its effects on the tennis community and will provide updates when appropriate.

We hope that everyone in our community stays safe and well in these uncertain times.

Regards,
Nathan Woods
Honorary Secretary NEJTA
